Magnox Socio-economic Funding in the Community

2019/20 Socio-economic scheme update

Magnox are pleased to have supported 15 applications from communities surrounding Wylfa site this financial year. This equates to £176,841 through the scheme.

In addition, a further £1,045,000 NDA direct funding has also been committed to the area with £400,000 for Menter Môn's Morlais Tidal Project over two years, an additional £150,000 for the Cemaes CIC Capel Bethlehem Project and £495,000 over three years, to Isle of Anglesey County Council to assist in delivering the North Anglesey Regeneration Plan.

New groups that have benefited from the Good Neighbour level funding this year are:

Anglesey and Gwynedd School Sports Awards received £150 for the Primary School of the Year award. Stuart Law attended the ceremony held in Beaumaris to present the award. Over 300 people attended the evening.

Moelfre Rowing Club were awarded £780 to purchase a new trailer for their sea sculling boat. This will provide at least four opportunities for club volunteers to train as coaches and involves the use of the boat to offer the sport to primary and secondary school children.

Cemaes Boat Club received £550 to purchase a walkie talkie and new life jackets for the 14 crew members of the historic Charles Henry Ashley lifeboat.

Blagur Haf Caergeiliog had £350 towards outdoor educational play equipment. The todders will benefit from two new rear step plate trikes, a pumping station, plastic water channeling gutters and a trundle bike.

Amlwch Pre-school Playgroup, Cylch Meithrin Amlwch and Benllech Playgroup all benefitted from a contribution towards education equipment too.

Mon Actif were awarded £1,000 to host four Magnox sponsored one day events at the Leisure Centres across Anglesey. They will offer football, swimming, athletics, rugby, netball, tennis and a variety of multi-sport games. The funding will help 25 young people gain a Community Sports Leaders Level 2 Qualification.

Parys Training were able to purchase ten Windows 10 desktop pc's with £1,000 from the scheme. It is anticipated this will assist with training for over 150 individuals using the facilities.

Larger transformational projects supported:

Anglesey Column Trust formed to restore the Grade II* listed Marquess of Anglesey Column. The £966,000 project will restore the column as a tourist attraction and remodel the cottage as a visitor education centre and café. The £70,000 contribution from Magnox will fund the bilingual interpretation scheme. The project aims to open by September 2021 and anticipates ten employment opportunities, over 40 voluntary opportunities, new businesses created with the visitor centre and café and engage with 26 local schools, Bangor University and Grŵp Llandrillo Menai offering educational programmes.

NDA directly funded:

Morlais Tidal Energy Project

Morlais held a supply chain event in MSParc on 5 March which was very well attended. In the morning Llinos Medi Huws, Leader of Anglesey County Council, spoke. Selkie, Bangor University and Minesto gave presentations and Gerallt Llewelyn Jones gave a progress update on the Morlais project.

Local businesses had an opportunity to present in the afternoon closing with a Q and A session.

Menter Môn is currently building a Supply Chain database which holds almost 400 Welsh businesses, of which 146 from North Wales. Many are experienced local companies who have benefitted from working with Magnox and Anglesey Aluminium in the past.

Gerallt Llewelyn Jones, Morlais Senior Responsible Officer delivering a presentation

Menter Môn received NDA direct funding of £400,000 over two years for Morlais B - the next phase of the project. This is progressing well: consent and licensing applications have been submitted to Welsh Government Planning Inspectorate and Natural Resources Wales, awaiting a decision from Welsh Ministers. If approved, this will release £27k European funding to which they require £9m match funding for the infrastructure build.

New North Anglesey Regeneration Fund launched

A new North Anglesey Regeneration Fund, managed by Anglesey County Council has opened, offering grants to help businesses and support local events.

CYNGOR SIR YNYS MÔN ISLE OF ANGLESEY COUNTY COUNCIL
