June 2023 Edition 10

Welcome to Summer

At the Trawsfynydd H&W Group HQ we love a strawberry, especially when it's placed in a Pimms 😊.

We are not sure about you, but we are SO excited that summer is on it's way and the supermarkets and farm shops are now selling such wonderful fruits and salads, although with the glorious weather we have been having over the last few weeks, it feels like summer is already well underway.

It's important to remember during this hot period however, to make provision of water for the garden birds (and other wildlife such as hedgehogs) and top up daily. Another area we may need to consider is when to walk dogs. Some suffer the heat more than others and their pads burn if walked on hot tarmac, so an early walk or shorter maybe, will surely be appreciated by them.

We hope you have wonderful plans for the summer – please email us and tell us what you are up to, we love hearing about your adventures.

As usual, We hope you enjoy reading this issue. If you would like to contribute to our next edition please email your suggestions to traws.health.wellbeing.group@magnoxsites.com We love reading about your ideas and suggestions, so please put fingers to keyboard and press 'send' to the above email.

Please also let us know if you would like to join us – we would love to have you on board!

As always, health & happiness to you all from

The Trawsfynydd H&W Group

International men's day

In aid of International Mens Day, please join a 1-hour webinar, to be held on the **15th November at 13:00pm**.

The webinar is for everyone, to understand some of the issues that affect boys and men of all ages; sons, friends, brothers, partners, colleagues, nephews, uncles, husbands

Why men and boys might be struggling.

How to help.

Fatherhood in 21st century.

Redefining masculinity.

The value of men's communities.

To join the webinar live, the Wyddfa Meeting Room has been booked and will be screening the webinar or you are welcome to join from the invite in your calendar .

The Webinar will be saved on intranet on Mental Health & Wellbeing homepage after the 15th November.

Cynaliidwyedd a'r amgylchedd / Sustainability & Environment

Mae'r Ospreys wedi gadael am y tymor, wedi magu dau giw yn llwydiannus eleni.

Rydym hefyd yn y broses o ddatblygu Uwchgynllun Bioamrywiaeth a fydd yn cefnogi ceisiadau cynllunio presennol ac yn y dyfodol yn nhermau gwrthbwysio bioamrywiaeth.

Bydd arolygon maes cychwynnol yn cychwyn ar ddechrau 27 Tachwedd i ganol mis Mawrth, a bydd yr adroddiad terfynol yn ei le erbyn diwedd mis Mawrth.

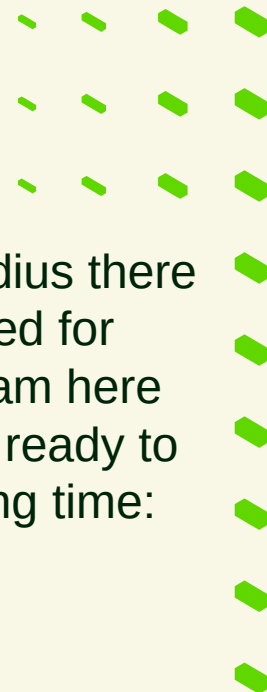

The Ospreys have since left us for the season, having raised two chicks successfully this year.

We are in the process of development a Biodiversity Masterplan which will support current and future Planning applications in terms of biodiversity offset.

Initial field surveys are to commence on week commencing the 27th November to mid March, with final report to be in place by the end of March.

Cynllunio dull datgymalu adweithydd /

Reactor dismantling scheme designs

6 mis diwethaf:

- Wedi gwneud cynnydd da gyda datgymalu adweithydd.
- Gorffennaf wnaethom dderbyn caniatad i ddechrau y gwaith datblygu ar gyfer y 3-4 blwyddyn nesaf.
- Ffocysu ar ddeallt sut byddem yn datgymalu ein adweithydd a sicrhau ein bod yn cyflawni ein gweithgareddau cynnar hanfodol.

Gwaith dylunio:

- Yn bwrw ymlaen gyda'r gwaith dylunio, gan roi dealltwriaeth gwell i ni ar sut byddem yn datgymalu'r adweithydd.
- Gosodwyd 3 o 6 is-contract mawr dros y 6 mis diwethaf.
- Bydd y gwaith hwn yn mynd rhagddo am y 3 blwyddyn nesaf, gyda'r contractau sy'n weddill yn cael eu gosod dros y 18 mis nesaf.
- Ar hyn o bryd yn paratoi model 3D o'r holl adeilad a chynnwys yr adweithydd a fydd yn cael ei ddefnyddio i gefnogi'r gwaith dylunio.

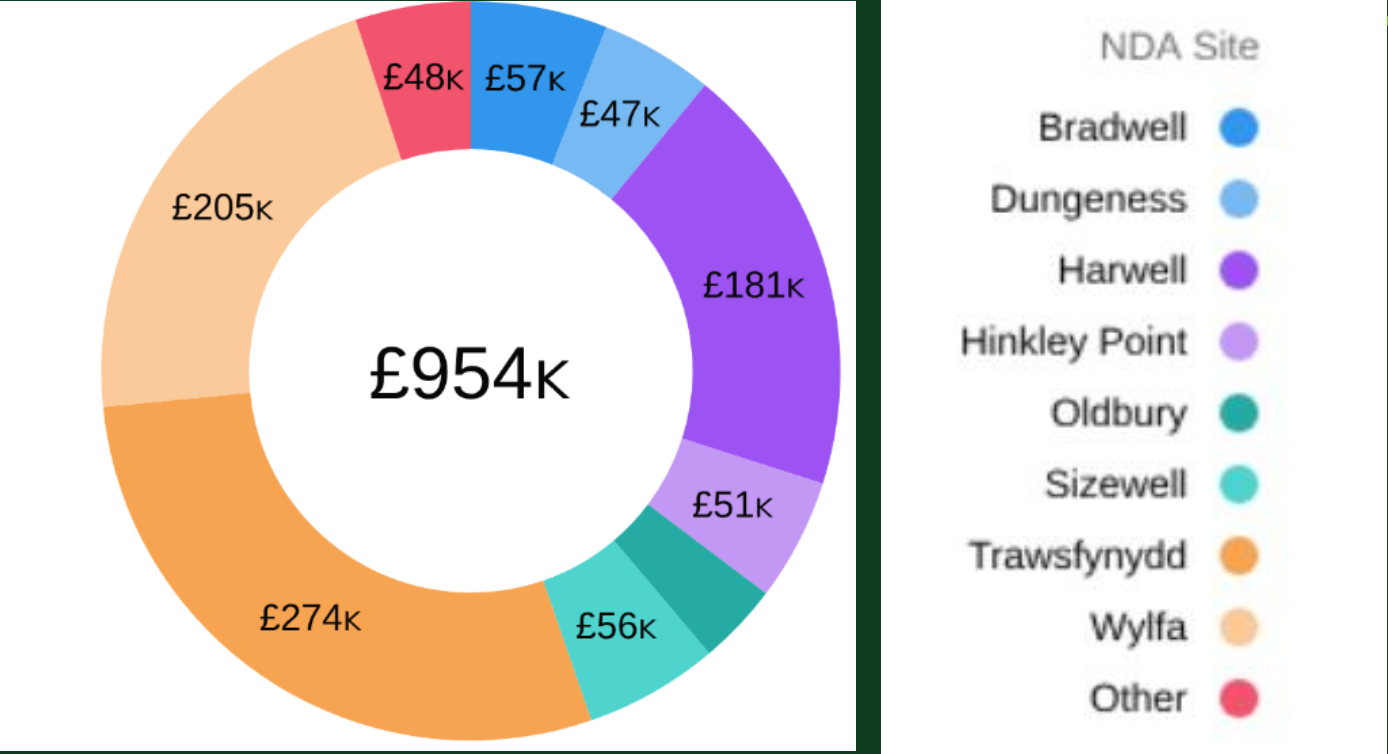

Last 6 months:

- Made good progress with Reactor Dismantling.
- July, we gained approval to commence the next 3-4 years of development work
- Focusing on understanding how we will dismantle our reactors, and ensuring we deliver the critical early activities.

Design Work:

- Progressed our scheme design scope, giving us a good understanding of how we will ~~w~~take apart the reactors
- 3 of 6 major sub-contracts let over the past 6 months.
- This work will be on-going for the next 3 years, with the remaining contracts let over the next 18 months.
- Currently preparing a 3D model of the entire reactor building and contents which will be used to support the design work.
