Health Matters:

Your healthspan, your health matters

Know your numbers -

Our lifespans are increasing, but not necessarily our healthspans. Understanding your personal numbers empowers you to monitor your wellbeing, recognise changes and take proactive steps to stay healthy

Blood sugar Tests available from DigiCare & pharmacies	
Cholesterol Tests available from DigiCare & pharmacies	
Blood pressure Self service tests available at sites & pharmacies

Waste update 2026/27

- Both vault 1 and vault 3 waste is being retrieved by site teams using remote handling plant, some of which is still in commissioning.
- The ‘good’ target for ILW retrievals is 43 tonnes.
- 4 low-level waste shipments are planned.
- Further work is needed on vault 3 retrieval equipment for sludge cans
- All targets for 25/26 achieved at stretch levels

Site activities

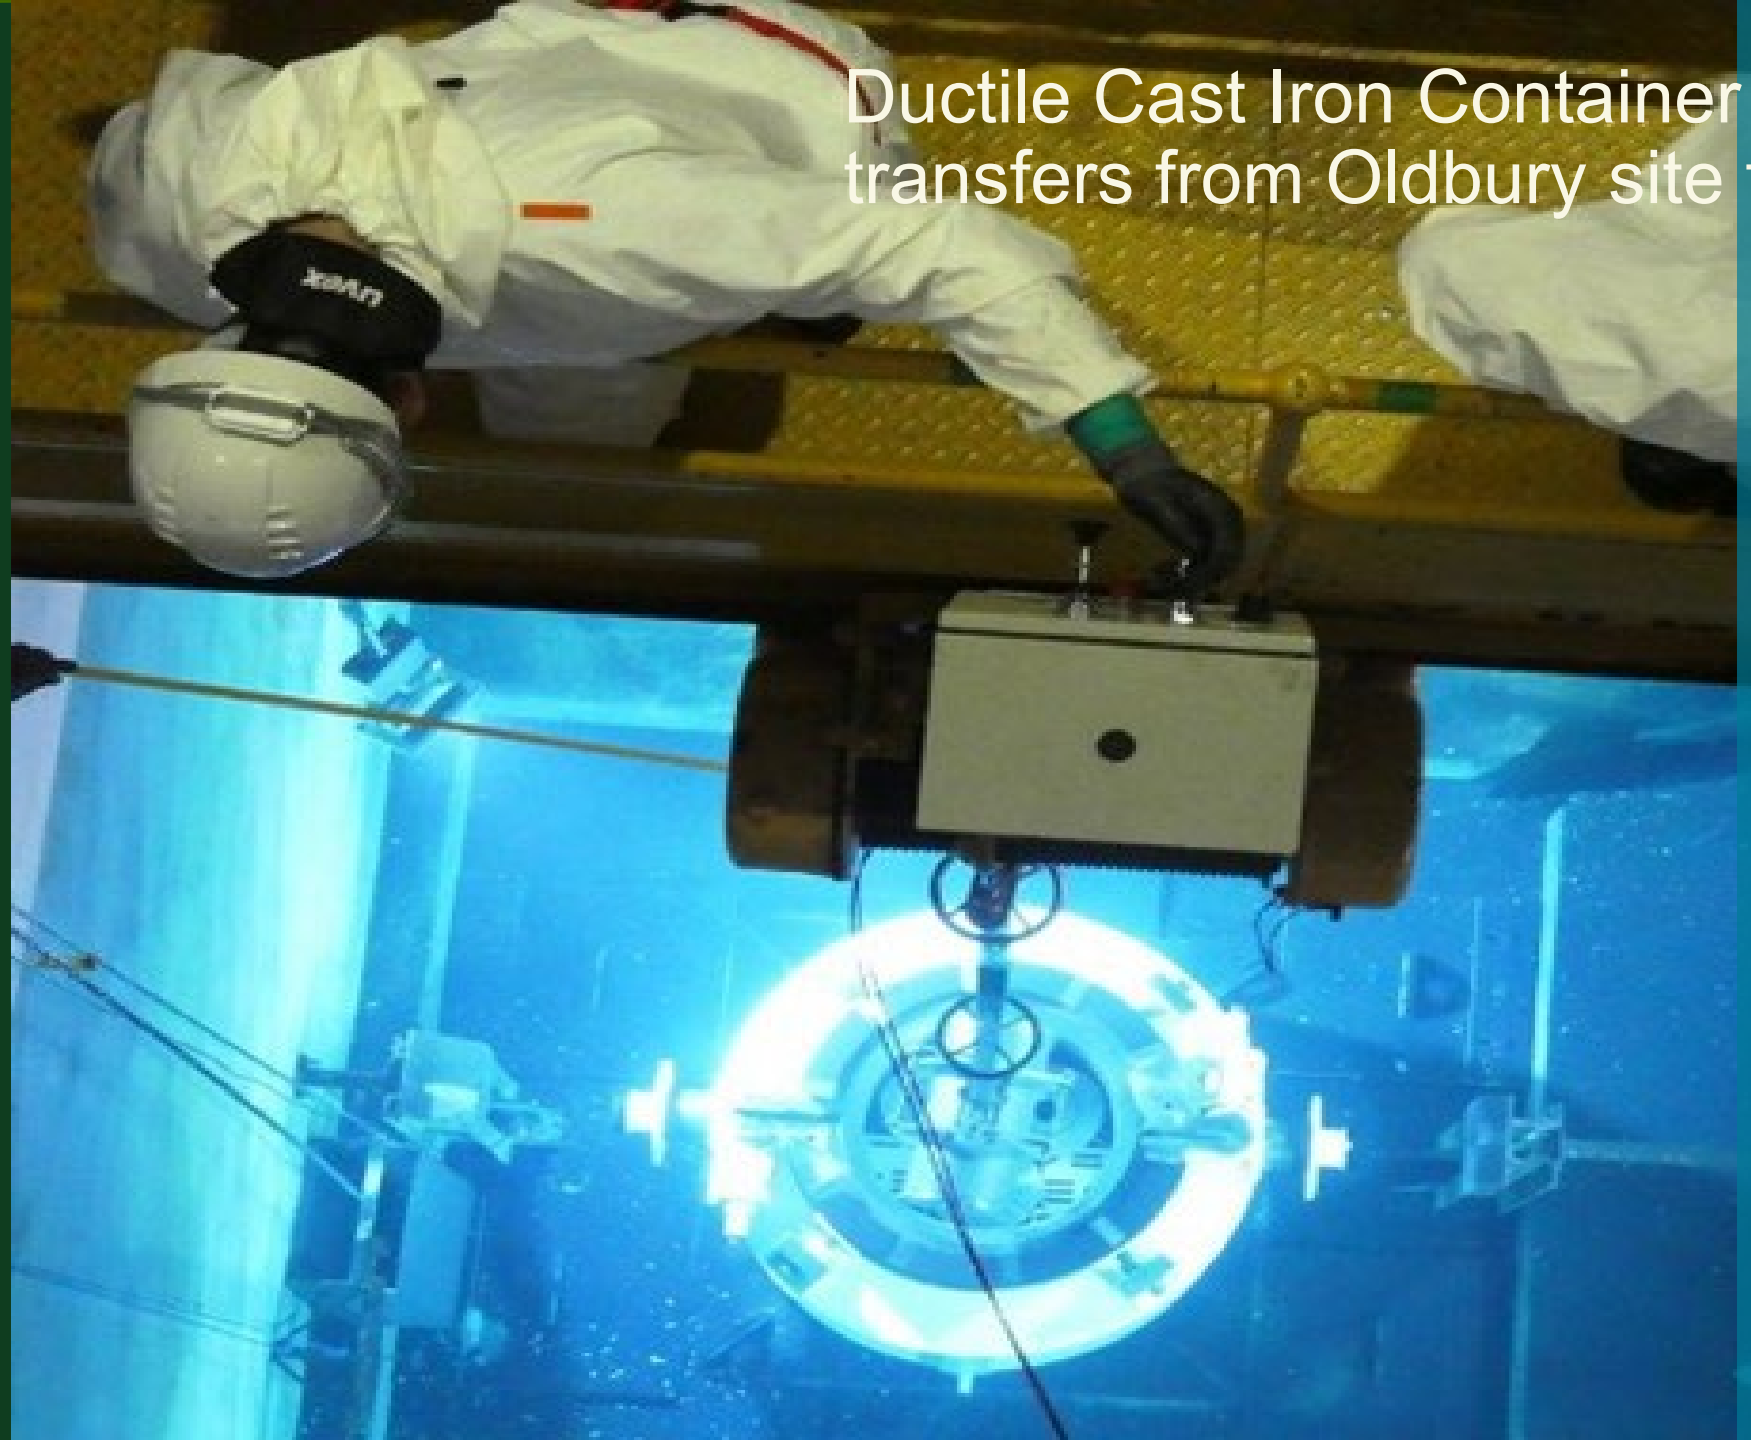

1 of 17 packages have been sent to the Interim Storage Facility (ISF) waste store so far this year (stretch target achieved for 25/26)

Site activities

Ductile Cast Iron Container (DCIC) MOSAIK transfers from Oldbury site to Berkeley site

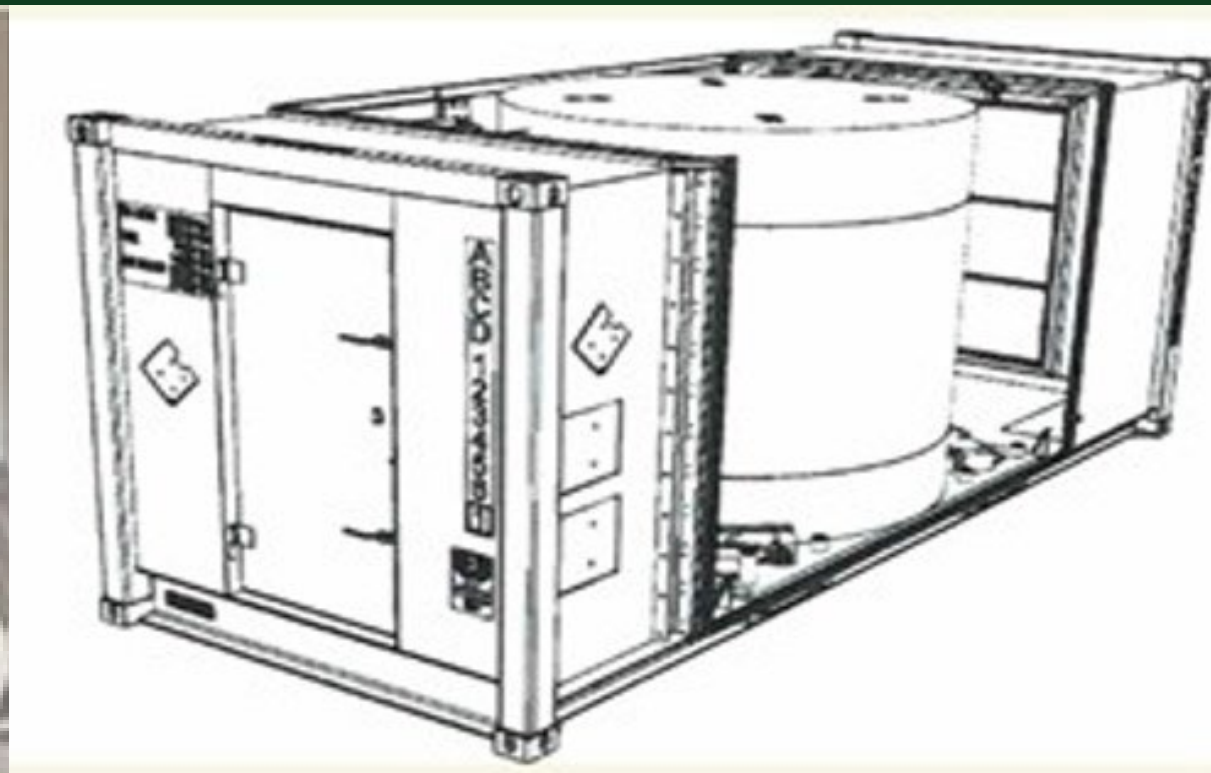

History

Several years ago, the containers were loaded with IONSIV filters, the loading was completed under water in the Oldbury ponds.
